

THANDO WOMEN'S ORGANIZATION

THANDO WOMENS ORGANIZATION

educate, support, inspire

Empowering women, Enriching Communities

Unlocking the potential of womens and girls
through hygiene, health and education

THANDO WOMEN'S ORGANIZATION

The Challenge :Women's Hygiene and Health

Lack of access to education,resources and support

- Limited knowledge about menstrual health and hygiene
- Inadequate access to sanitary products
- Taboos and stigma surrounding menstruation
- Impact on education,health and wellbeing

Improvised solutions for lack of sanitary products

Without access to affordable sanitary products women and girls are forced to use makeshift solutions ,which can be uncomfortable ,unhygienic and dignified

Lack of access to proper sanitary products leads to creative but unsafe solutions

Limited access to basic hygiene facilities

Women and girls in Zimbabwe face significant barriers to accessing clean water ,sanitation and hygiene facilities making it difficult to manage their menstrual health with dignity .Forced to walk miles for water leaving little time for education .

— **THANDO WOMENS ORGANIZATION : empowering women and girls**

Educate,Support,Inspire

- provide education on menstrual and hygiene
- distribute sanitary products and resources
- foster a supportive community and network
- promote empowerment and confidence

Access to safe and healthy menstrual hygiene

We're dedicated to ensuring that every woman and girl has access to safe and healthy menstrual hygiene products ,because no one should have to compromisetheir health or dignity

**With your donation ,we can provide clean water for women in communities ,helping them stay healthy ,safe and empowered .
Join us in making a difference ,one drop at a time ,together we can a
brighter future for all .**

What we want to achieve

- increase knowledge and awareness about menstrual health and hygiene
- improve access to sanitary products and resources
- reduce stigma and taboos surrounding menstruation
- empower women and girls to reach their full potential

“Hygiene matters : educating girls for a better tomorrow ”

– **How we make a difference**

- education and training programs
- sanitary product distribution and access
- support groups and mentorship
- community outreach and engagement
